

Thursday 3 December 2015

Student Council

1. Afritwin

- Bag packing on 20th December. DS spoke to students - aiming to raise at least £1K + (Morrisons)
- Letters handed to students, and handed to DS
- Uniform please

2. 360° Survey

- KW spoke to students about an E-safety Committee
- Need students, governors, teachers and parents
- Value contributions from students
- Would like x4 students to be a part of group
- Volunteers = Andrew Studholme, Lara Ackers, Sophie Coates and Rio Woodman

3. Students Main Agenda -T&L Maths

a) *What goes well in Maths?*

Very Challenging

Lots of positive stamps

Teachers will clarify knowledge and understanding

Personalised learning

Teachers checks we understand

Applying knowledge in context

We cover all aspects of Maths

Enjoy Maths and want to go

b) *What do we need to improve on?*

Some classes need to be more engaging

Can we bring back purple books?

Smaller chunks of explanation - one teacher can go on too long

Lots of algebra and shape work? Is it needed?

Year 9 - some students felt they have covered curriculum well for recent test, others felt more content needed

Too much 'Doddle' homework

More individual & group work

Could we have a Year 8 Maths club which we choose to go to? In particular for G & T?

Year 9 students would like Maths to be more competitive- this came from female students in particular.

4. Next time:

- Doddle at KS3
- Catering: Invite Catering Manager
